Summer Reading and Math
For Students entering 2nd Grade
2021-2022

Welcome to all the 1st graders who will be in 2nd grade in August. This past year you have learned a lot of cool things. We would like to see what your wonderful first grade teachers have taught you and we don't want you to forget anything during the summer break. Please complete the following and bring with you on the first day of school:

1. Using flashcards, practice mastering addition and subtraction facts to 12 (i.e. 10 + 2 = 12). **There is no need to bring in your flashcards.**

2. Practice place value (ones, tens, hundreds) – Complete the attached practice activities using 2 dice.

3. Spend some time counting and identifying coins. Students should know how to count quarters, dimes, nickels, and pennies. Use the following apps and websites to practice:
    a. Amazing Coin app
    b. Splash Math app
    c. ABCya games – ABCya.com

4. Reading Response Project: Students will read at least 2 books (on or above 1st grade level) and complete the attached sheet for one of the books. Below are some suggested books/series:

TITLE	AUTHOR
Magic Tree House Series books	**Mary Pope Osborne**
Amber Brown Series books	**Paula Danziger**
Nate the Great Series books	**Marjorie Weinman Shamat**
A to Z Mysteries Series books	**Ron Roy**
Miss Nelson is Missing	**Harry Allard**
Horrible Harry Series books	**Suzy Kline**
Amelia Bedelia Series books	**Peggy Parish**
Jigsaw Jones Series books	**James Preller**
I am… collection	**Brad Meltzer**

The books listed above are suggestions, not requirements. There are many excellent books to enjoy this summer. Please don't let these recommendations limit your child's enthusiasm for reading. The most important requirement is to encourage your child to read daily and to cherish the times that you read together.
