2020

Dear Second Grade Parents,

We are praying that your summer vacation is relaxing and enjoyable. We have assigned summer homework to help maintain your child's reading and math skills. These skills are critical for success next year.

Students entering second grade are required to spend some time reading and completing math computations this summer.

### Reading

- Read 20 minutes per day
- Select and complete at least 10 different reading activities from the "Reading Choice Board" and fill in the title of the book your child read for that activity.

### Math

Students have been assigned a 50 Day Summer Challenge.

- Each day students should look at the calendar to find that day's numbers.
- Students should add, subtract, round, etc. completing basic mathematical operations using the "Summer Math Challenge Guide" to maintain base skills. Remember to regroup when necessary.
- The challenge is completed in a notebook, spiral, or composition. Full completion grades will be given to anyone with 30 or more days complete.

All summer assignments will be due on the first day of school, August 14<sup>th</sup>.

We look forward to a great school year,

*Your Second Grade Team*

# 2<sup>nd</sup> Grade
