# *4<sup>th</sup> Grade Summer Packet*

## *2025-2026*

Dear Fourth Grade Parents,

We are praying that your summer vacation is relaxing and enjoyable. We have assigned summer homework to help maintain your child's reading and math skills. These skills are critical for success next year.

### Reading

Students entering fourth grade are required to read five books this summer.

- ONE required read
  - o Fantastic Mr. Fox by Ronald Dahl
- FOUR books chosen from the Reading Choice Board
  - o Fill in the title of the book your child read for that activity.

Students should bring their completed Reading Choice Board and their copy of Fantastic Mr. Fox to class on Thursday, August 7<sup>th</sup>. They will be discussing and completing assignments based on the required reading book.

### Math

Students have been assigned a 50 Day Summer Challenge.

- Each day they will look at the calendar to find that day's numbers.
- They will add, subtract, round, etc. completing basic mathematical operations using the "Summer Math Challenge Guide" to maintain base skills.

The Challenge is completed in a notebook, spiral, composition notebook, or using a three-ring binder. Students must carefully follow directions and show their work for a minimum of 30 days to receive credit. Students are also not permitted to use a calculator.

All summer assignments will be due on the first day of school, Thursday, August 7<sup>th</sup>. These will be graded in the formative category and will count as your first quiz grade of the year.

We look forward to a great school year,

Your Fourth Grade Team
