5th Grade Summer Packet

2025-2026

Dear Fifth Grade Parents,

We are praying that your summer vacation is relaxing and enjoyable. We have assigned summer homework to help maintain your child's reading and math skills. These skills are critical for success next year.

Reading

Students entering fifth grade are required to read five books this summer.

- ONE required read
 - o *The Watsons Go to Birmingham* by Christopher Paul Curtis
- FOUR books chosen from the Reading Choice Board Fill in the title of the book your child read for that activity.

Students should bring their completed Reading Choice Board and their copy of *The Watsons Go to Birmingham* to class on Thursday, August 7th. They will be discussing and completing assignments based on the required reading book.

Math

Students have been assigned a 50 Day Summer Challenge.

- Each day they will look at the calendar to find that day's numbers.
- They will add, subtract, round, etc. completing basic mathematical operations using the "Summer Math Challenge Guide" to maintain base skills.

The 50 Day Math Summer Challenge is completed in a notebook, spiral, composition notebook, or using a three-ring binder. Students must carefully follow directions and show their work for a minimum of 30 days to receive credit. Students are also not permitted to use a calculator.

All summer assignments will be due on the first day of school, Thursday, August 7th. These will be graded in the formative category and will count as your first quiz grade of the year.

We look forward to a great school year,

Your Fifth Grade Team

5TH GRADE READING CHOICE BOARD

<p>Read a choose your own adventure story.</p> <p>Title_____</p>	<p>A book about children living in a different country.</p> <p>Title_____</p>	<p>Read a book you love again!</p> <p>Title_____</p>	<p>Read and make a recipe from a cookbook.</p> <p>Title_____</p>

Goals: Practice math skills at least 3 times a week.

NOTE: BE SURE TO HAVE A GROWN UP CHECK YOUR WORK!

5TH GRADE MATH SUMMER CHALLENGE GUIDE

Today's Numbers are _____ and _____.

Date: _____

1. Find the sum:

2. Find the difference:

3. Round both numbers to the thousands place:

4. Compare using $<$, $>$, $=$

5. Write the sum in word form:

6. Write the sum in expanded form:

7. Multiply the first 2 digits of the sum by ____:

8. Divide the last two digits of your sum by ____:

9. Skip Count Challenge!

Count out loud to a partner or write it on paper!

Monday- by 3's and 4's

Tuesday- by 6's and 7's

Wednesday- by 8's and 9's

Thursday- by 12's

Friday- by choice!

Pick any 1 digit number!
